Preamble

The present generation of students is significantly different in terms of learning preferences, aspirations, and career outlook. Today's learners seek flexibility, autonomy, and opportunities to design their own academic pathways aligned with their interests and future goals. At the same time, the rapidly evolving global ecosystem demands graduates who are equipped with multi-disciplinary competencies, critical thinking, creativity, leadership, and capabilities in areas such as Artificial Intelligence, Machine Learning, innovation, entrepreneurship, and emerging technologies.

In response to these changing academic and industry expectations, Sreenidhi University (SU) adopts a flexible, student-centric academic framework that empowers students to take ownership of their learning journey. The curriculum is designed to provide choice, flexibility, and adaptability, enabling students to select courses, define their academic pathways, and explore interdisciplinary domains within a structured framework.

The academic system at SU integrates flexible course registration, outcome-based education, and a dynamic timetable framework, allowing students to personalize their academic plans. This approach ensures that learning goes beyond theory and emphasizes experiential, application-oriented education through projects, case studies, innovation challenges, and real-world problem-solving.

Students are offered a bucket of courses across disciplines, enabling them to build diverse skill sets and adapt to evolving career landscapes. The curriculum actively promotes interdisciplinary learning, research orientation, innovation, and entrepreneurial thinking, even at the undergraduate level.

A distinctive feature of the University's academic framework is the integration of the United Nations Sustainable Development Goals (SDGs) into the curriculum, encouraging students to work on real-world societal challenges and develop solutions that contribute to sustainable and responsible development.

To cater to diverse learner needs, the system provides academic flexibility for both advanced and slow learners, including opportunities for acceleration, re-registration, and structured academic support. Faculty mentors guide students in academic planning, ensuring alignment with programme requirements, prerequisites, and individual aspirations.

Overall, the academic framework at Sreenidhi University promotes a flexible, learner-driven, and outcome-oriented education system, focused on "learning by doing," innovation, sustainability, and holistic development, thereby preparing students to thrive in a dynamic and competitive global environment.

All students are required to be familiar with the rules and regulations outlined in this document and any future amendments, which will be released from time to time.

1. Sreenidhi University: Vision and Mission

Vision

To be a world-class university that produces outstanding professionals and socially responsible graduates who can thrive in a multidisciplinary environment for the development of the nation and beyond

Mission

- Foster excellence through innovative teaching-learning methodologies, rigorous research, and state-of-the-art infrastructure empowering students to become lifelong learners and thought leaders.
- Advance knowledge by conducting cutting-edge research that addresses global challenges, creates new knowledge frontiers, and contributes to scientific and technological advancements.
- Catalyze innovation by nurturing an entrepreneurial ecosystem that transforms ideas into impactful solutions, fosters industry collaborations, and creates value for society.
- Cultivate global citizens by providing an inclusive, diverse learning environment that builds cross-cultural competencies, ethical reasoning, and a commitment to sustainable development.
- Serve society by applying expertise and resources to enhance community well-being, inform policy decisions, and contribute to regional and national development priorities

Quality Policy

The University is committed to continuously enhancing its curriculum in alignment with global and industry standards, adopting technology-enabled learning systems, implementing outcome-based education, and fostering a culture of academic excellence and integrity.

Sreenidhi – SDG Impact Program

It is a flagship initiative of Sreenidhi University, designed to cultivate critical thinking, design thinking, and project-based learning. This program promotes a research-driven and entrepreneurial mindset, aligning all projects and internships with the Sustainable Development Goals (SDGs) to address global challenges while fostering innovation and practical skills.

The program spans multiple semesters, guiding students through every stage of innovation—from idea inception to the development of market-ready ventures. Each semester includes a dedicated course under this framework, ensuring consistent progression. Students begin with exposure to global challenges and the principles of innovation, generating impactful ideas that address real-world problems. These ideas are gradually transformed into actionable solutions through design thinking, prototyping, and entrepreneurial skill-building.

Throughout the program, students focus on developing prototypes, refining solutions for market readiness, and engaging with external stakeholders such as industries, investors, and government agencies. The culmination of this journey involves converting prototypes into products, with outcomes **including patents, publications, commercialization**, and opportunities for launching startups. This will enable the students to choose from various career options like, placement, higher studies / research and entrepreneurship.

By integrating internships and projects into this framework, students gain hands-on experience and real-world exposure, ensuring their work aligns with the broader goals of sustainable development and innovation. This program is designed to inspire creativity, foster an entrepreneurial spirit, and create a positive, lasting impact on society.

2. Scope of the Regulations

The Academic Regulations of Sreenidhi University provide a comprehensive framework governing the functioning of undergraduate programmes offered by the University. These regulations outline the procedures, policies, and practices to ensure the maintenance of high academic standards and effective implementation of teaching-learning processes.

The regulations are approved by the Academic Council (AC) and are subject to periodic review and revision to align with evolving academic, industry, and regulatory requirements. Any amendments shall be duly approved by the Academic Council.

These regulations shall come into effect from the Academic Year 2026–27. The University reserves the right to introduce changes during an academic session, if required, due to changing circumstances or directives from statutory bodies.

All updates and amendments will be communicated through official University channels, including the University website and institutional email system. Students are advised to verify the authenticity of any communication through these official sources.

It is the responsibility of every student to be aware of and comply with the prevailing regulations and any amendments thereof, as these may impact their academic progression and award of the degree.

These regulations are applicable to all Sreenidhi University undergraduate B.Tech. in the School of Engineering.

3. Admissions and Process

Admissions to undergraduate programmes at Sreenidhi University are conducted in accordance with the guidelines of UGC, AICTE, and the Ministry of Education (MoE), Government of India. The approved intake for each programme is determined by the respective regulatory authorities.

To be eligible for admission, candidates must satisfy the prescribed academic requirements and meet the criteria specified by the University from time to time.

Admissions are based on merit, considering performance in Sreenidhi University Common Entrance Test (SUCET) and/or recognized state or national-level examinations, as defined in the [admission policy](#). Sreenidhi University follows a transparent and non-discriminatory admission process, without bias based on gender, religion, race, disability, or nationality. Admissions are also open to NRI and international students, subject to eligibility norms.

The counselling schedule and admission process will be notified through official channels, and seats will be allotted based on merit and availability.

4. Programmes Offered and Duration

This regulation is applicable to the below Undergraduate (UG) programmes in Bachelor of Technology (B.Tech.) offered at School of Engineering (SoE)

- i. Computer Science and Engineering (CSE)
- ii. CSE (Artificial Intelligence and Machine Learning)
- iii. CSE (Data Science)
- iv. CSE (Cyber Security)
- v. CSE (AI and SAP Cloud)

4.1 Minimum and Maximum Duration – Regular Entry (First Year Admission)

- Minimum Duration: Four academic years (eight semesters), with each semester having a minimum of 90 instructional days/450 instructional hours.
- Maximum Duration: Six academic years (minimum duration + 2 years) from the year of first admission.

4.2 Minimum and Maximum Duration – Lateral Entry (Direct Third Semester Admission)

- Minimum Duration: Three academic years (six semesters), with each semester having a minimum of 90 instructional days / 450 instructional hours.
- Maximum Duration: Five academic years (minimum duration + 2 years) from the year of first admission.
- Bridge Course: Lateral entry students may undergo bridge courses prescribed by a committee appointed by the Dean, School of Engineering, to address curriculum gaps and ensure academic continuity.

4.3: Transfer from Other Universities

- Students currently pursuing an undergraduate programme in a recognized Higher Education Institution (HEI) may be considered for admission into Sreenidhi University without appearing for the entrance examination, subject to submission of the following documents:
 - Migration Certificate

- Grade Card / Marks Memo
 - No Objection Certificate (NOC) from the previous institution
 - Syllabus copies, academic records, and relevant regulations of the previous institution
- The applicant must satisfy the eligibility criteria prescribed for the respective programme at Sreenidhi University.
- The Board of Studies (BoS) or Equivalency Committee shall evaluate the courses completed in the previous institution and establish equivalency based on the credits and academic performance. For courses where equivalency is not established, the student is required to register and complete those courses at Sreenidhi University by paying the prescribed fees.
- If the credits earned in previously studied courses are lower than those prescribed at Sreenidhi University, the student must repeat such courses and secure a passing grade.
- The equivalency notification issued by the Registrar shall clearly specify:
 - Courses for which equivalency has been granted
 - Courses that must be completed at Sreenidhi University
- Grade Cards shall be issued by Sreenidhi University. Courses completed at the previous institution, upon approval through the above-mentioned equivalency process, shall be mapped to equivalent courses of Sreenidhi University and reflected accordingly in the academic records.

5. Academics Structure

The academic system at Sreenidhi University is designed to provide a flexible, student-centric, and outcome-based learning environment, integrating technical knowledge with skills, innovation, and human-centered learning.

The academic framework of Sreenidhi University is governed by the Academic Council (AC), which is the apex body responsible for academic policies, curriculum design, and quality assurance.

The academic structure includes:

- Schools/Departments responsible for programme delivery
- Board of Studies (BoS) for curriculum design and revision
- Programme Committees for monitoring academic delivery
- Course Committees for effective implementation of courses

These bodies collectively ensure alignment with industry needs, emerging technologies, and global academic practices.

5.1 Academic Term

The University follows a semester-based system:

- Each academic year consists of two semesters:
 - Odd Semester: June/July to November/December
 - Even Semester: November/December to April/May
- Each semester typically includes instruction, continuous assessment, and end-semester evaluation
- A semester shall have minimum 90 instructional days/450 instructional hours, excluding examinations

5.1.2 Optional Weekend and Summer Term - Acceleration

The University may offer optional Weekend Intra-Semester and Summer Terms based on student demand, subject to the availability of faculty, infrastructure, and other academic resources. These terms are designed to support students who wish to accelerate their academic progress, complete pending courses, or enhance their learning. The eligibility criteria for the acceleration is

- **CGPA greater than 7.5, and no history of arrears**

Courses offered during these terms shall follow a fast-track mode, with a higher number of instructional hours per week to compensate for the shorter duration, while ensuring that the total instructional hours are equivalent to those of a regular semester. Unless explicitly stated otherwise, all academic rules, evaluation processes, and regulations applicable to regular semester courses shall also apply to courses offered during Weekend and Summer Terms.

The maximum number of credits a student can register for during the summer term shall be notified before the beginning of the term.

5.2 Academic Calendar

The Academic Calendar provides a structured schedule of all academic activities, including:

- Commencement and completion of classes
- Examination schedules
- Internship periods
- Semester breaks and vacation
- Course registration timelines

The calendar is published before the start of the academic year and is made accessible on the University website through proper channel, Registrar.

Dates and schedules in the academic calendar may be subject to change. In cases where changes are necessary, the Dean with prior authorization, will communicate these changes to the students. Any revision will be updated on the University's website to ensure that students have access to the most current information.

5.3 Academic Guidance

Sreenidhi University provides a structured academic mentoring system to support student success. Refer Regulation 15.

- Each student is assigned a Faculty Mentor in the first semester.
- Mentors guide students in course selection and registration, academic planning, and career pathways. However, the students have the responsibility to make final choices when selecting the courses.
- Students are encouraged to make informed and flexible academic decisions

The University utilizes SreenidhiAI an Intelligent Learning Infrastructure platform for all the above to ensure timely completion of programme requirements.

Information from SreenidhiAI is shared with the School and the Departments to monitor each student's academic progress. This helps ensure students are on track to meet degree requirements.

5.4 Academic Committees

To ensure quality and continuous improvement, the following committees operate at various levels:

5.4.1 School Academic Committee (SAC)

- The SAC chaired by the Dean along with appointed committee members, faculty, students, alumni, parents, employers, industry and funding/grant agencies and a HoD nominated as member secretary shall meet once in a month to review the below agenda.
 - Scrutinize the School's Vision, Mission, PEOs, POs and PSOs.
 - Reviews academic delivery i.e., teaching learning and evaluation process, student support system, remedial support, extension activities and offer suggestions for improvement.
- The minutes shall be forwarded to the IQAC and Directorate of Academic Planning & Strategy

5.4.2 Department Academic Committee (DAC)

- The DAC chaired by the Head of the Department along with nominated members shall meet at least 4 times in a semester with a specific agenda as follows

Table 5.1 DAC Meetings Timelines and Agenda

Meeting No	Timeline	Agenda
1	Before the commencement of the Semester	Readiness for the Semester – Review of Course Handout and Content.

2	After 2 weeks of the commencement of the semester	Course Delivery, Faculty Engagement, Student reach and suggestions.
3	After the Mid Sem Feedback	Progress of classwork, Attendance Monitoring, Feedback, identification of slow learners and review of CAC meeting minutes.
4	Before the End Sem Feedback	Progress of classwork, examination schedule, review of CAC meeting minutes, review of action taken on slow learners and suggestions for revision of curriculum and syllabus.

- Additionally, the DAC Chair is responsible for:
 - Academic planning and programme delivery
 - Coordination among faculty members
 - Monitoring student progress and outcomes
 - Ensuring implementation of curriculum and regulations
- The DAC Chair plays a key role in maintaining the quality and effectiveness of the programme.
- The chairperson shall submit minutes to SAC.

5.4.3 Course Academic Committee (CAC)

- The CAC chaired by the Course Coordinator along with the respective course instructors and 2 student representatives shall meet at least 2 times in a month with a specific agenda as mentioned in Table 5.2.
- The chairperson shall submit minutes to DAC and Head of the Department.

The committees contribute to maintaining high academic standards and continuous enhancement.

Table 5.2 CAC Meetings Timelines and Agenda

Meeting No	Timeline	Agenda
1	Before the commencement of the Semester	Semester Readiness
2	Every fortnight after the commencement of the semester	Progress of class work, Feedback, Course content on SreenidhiAI, Syllabus coverage, development of question banks, use of MOOCs, identification of slow learners and suggestions for improving course delivery.
3	Before the End Sem Feedback	Progress of classwork, examination schedule, review of action taken on slow learners and suggestions for revision of syllabus.

5.5. Change of Branch based on Merit

The top 3 performers from each branch, based on CGPA until Semester II without any arrears, will be given an opportunity to opt for a branch change from the second year onwards, subject to availability of seats and approval from the Hon'ble Vice Chancellor.

6. Curriculum

The curriculum at Sreenidhi University is designed with the suggestions from various stakeholders such as corporates, students, alumni, society and trends to provide a balanced, flexible, and outcome-based learning experience, integrating technical knowledge, skills, and human-centered learning.

It is structured to align with Programme Outcomes (POs) and industry requirements, while also fostering innovation, critical thinking, and interdisciplinary competence to ensure the Programme Educational Objectives (PEO) are met.

The curriculum is periodically reviewed to ensure relevance to industry and global standards, inclusion of emerging technologies and alignment with student learning outcomes

6.1 Curriculum Design

The curriculum development at Sreenidhi University follows a structured and participative process to ensure alignment with academic standards, industry requirements, and stakeholder expectations. Faculty members at the Department level initiate discussions on the Programmes to be offered for the ensuing academic year. These discussions are based on stakeholder feedback, trend analysis, and regulatory requirements of the approving bodies.

The appointed Programme Coordinator consolidates the inputs from faculty and prepares the programme structure and course framework. Based on the recommendations of the School Advisory Committee (SAC) regarding the Programme Educational Objectives (PEOs) and Programme Outcomes (POs), the detailed curriculum structure along with course syllabi is developed.

The proposed curriculum structure and syllabi are then presented to the Board of Studies (BoS) for review and subsequently submitted to the Academic Council (AC) for approval. Based on the suggestions and recommendations of the Academic Council, necessary additions, modifications, or deletions are incorporated into the programme and course specifications.

The Head of the Department shall serve as the Chairperson of the Board of Studies (BoS). The Directorate of Academic Planning & Strategy shall publish the officially approved [Curriculum, programme structure, and course syllabi](#) for implementation.

6.2 Flexible Curriculum Features

All programmes offered under the School of Engineering at Sreenidhi University follow a Flexible Choice Based Credit System, designed to provide a dynamic, student-centric, and

holistic learning experience. The curriculum is structured to meet a prescribed number of credits along with programme-specific requirements, enabling the award of the degree. This system promotes flexibility in course selection, interdisciplinary learning, self-paced progression, and credit-based evaluation, allowing students to customize their academic journey.

Students may earn additional credits beyond the minimum requirement prescribed for a programme or category. Such extra credits shall be duly recorded and maintained in the Academic Bank of Credits (ABC) of the respective student for future academic use, in accordance with University norms.

6.3 Programme and Course Classification

The curriculum is organized into the following categories. Each programme has a specific structure with categories and subcategories of courses listed with the minimum number of credits to be earned for the award of a degree and is available [here](#).

6.3.1 University Core

University Core (UC) courses are fundamental and mandated by the University to provide a broad and essential foundation across disciplines. These include Ability Enhancement Courses, which focus on developing communication, reasoning, and analytical skills, and Skill Enhancement Courses, which are practical-oriented and aimed at building technical, vocational, and employability skills.

In addition, the curriculum includes Audit Courses such as Indian Constitution, Sports, and UHV-I & II, which are mandatory non-credit courses intended for knowledge enrichment without affecting grades or GPA. The Humanities and Social Sciences with Liberal Arts courses further support holistic education by fostering critical thinking, design thinking, creativity, and innovation, while also incorporating areas such as law, governance, ethics, and psychology to develop socially responsible and human-centered engineers

6.3.2 Faculty Core

Faculty Core (FC) courses are specific to the Basic Science and Engineering domains and are designed to build a strong foundational base for students. These courses ensure that learners develop essential theoretical knowledge and analytical understanding required for advanced study in engineering.

This category includes Basic Sciences courses, which provide fundamental scientific principles, and Engineering Sciences courses, which introduce core engineering concepts across disciplines. It also includes Research, Project, and Internship courses, which integrate academic learning with practical exposure, enabling students to develop problem-solving skills and apply knowledge in real-world contexts relevant to the programme.

6.3.3 Programme Core

Programme Core (PC) courses are tailored specifically to the programme and focus on developing essential technical knowledge and domain-specific competencies. Students are required to choose courses to build depth in their chosen field and in Skill Development Courses to enhance industry readiness and employability.

Students must select a track by the end of Semester 4, with an option to opt for a General track by choosing courses across tracks, subject to approval.

6.3.4 Programme Electives

Programme Electives (PE) are specialized courses that provide advanced knowledge and allow students to deepen their expertise in specific areas of interest within the discipline. Students are required to select courses from one or multiple segments offered by the Department.

These courses enable students to explore emerging domains and align their learning with career goals and industry trends.

6.3.5 Open Electives

Open Electives (OE) provide students with the flexibility to explore subjects beyond their core discipline, promoting interdisciplinary learning and broadening their academic perspective.

These electives encourage students to develop diverse skills and gain exposure to multiple domains, supporting holistic education.

6.4 Bridge Courses

During the first semester of the programme, students shall register for the prescribed courses as defined in the curriculum. In addition, based on their proficiency in language, mathematics, or other foundational areas, students may be required to undergo Bridge Courses to address identified gaps in their academic preparedness.

The requirement for Bridge Courses shall be determined based on a screening/diagnostic assessment conducted by the University or based on the student's prior academic background. These courses shall be automatically registered and reflected in the student's timetable. The credits and grades obtained in Bridge Courses shall not be considered for CGPA calculation nor counted towards the minimum credit requirements for the award of the degree mentioned in Regulation 7.2. However, it is mandatory for students to complete the Bridge Course(s) with satisfactory performance.

6.5 MOOCs Learning

Sreenidhi University provides flexibility for students to undertake courses through MOOCs during their study period. Undergraduate students may register for courses offered on platforms such as SWAYAM, up to a maximum of 40% of the total programme credits, in lieu of University Core (UC) and Elective courses. However, Programme Core (PC) courses cannot be replaced by MOOC courses unless explicitly approved by the Board of Studies (BoS).

The Department BoS shall notify the list of approved courses that may be undertaken through MOOCs before the commencement of each semester, based on availability and academic requirements. Students may opt for MOOC courses from the notified list as part of their course registration.

The detailed guidelines, eligibility criteria, registration process, approval mechanism, assessment, equivalency, credit transfer, and other operational procedures governing MOOC courses shall be as prescribed in the policy, as amended from time to time.

6.5.1 Equivalency and Credit Transfer

Upon successful completion of approved MOOC courses, students shall be awarded equivalent grades and credits based on their performance in the online evaluation or assessment conducted by the University, as applicable.

The Department Board of Studies (BoS) shall determine and recommend the equivalency of grades and credits in accordance with [policy](#), and the same shall be recorded in the student's academic record.

In case a student fails in a registered MOOC course, the student must appear and pass in the supplementary examination notified by CoE, in accordance with the provisions of the [policy](#) and as per University regulations. The student shall be required to appear for such assessment to fulfil the course completion requirements.

6.6 Activity-Based and Experiential Learning Framework

To promote experiential, innovation-driven, and activity-oriented learning, Sreenidhi University encourages student participation in activities such as hackathons, build-a-thons, innovation challenges, design sprints, and similar academic events conducted within or outside the University. These activities are integrated into the academic framework, and additional marks may be awarded based on student performance, subject to evaluation by the course faculty.

The additional marks awarded shall be based on clearly defined criteria such as participation, level of engagement, creativity, and tangible outcomes, and may be added to the continuous internal evaluation component of a relevant course, subject to a prescribed upper limit. Such activities must be approved, monitored, and evaluated by the course faculty, and should involve meaningful academic engagement over a defined duration. Routine or regular laboratory work shall not be considered under this category.

6.6.1 Evaluation Criteria

The allocation of additional marks may broadly follow a graded scale based on student contribution and achievement, such as mentioned in Table 6.1

Table 6.1 Evaluation structure for Activity-Based Experiential Learning

S No	Activity	Marks
1	Active participation and involvement in academically relevant activities	5
2	Demonstration of innovation or creative input	10
3	Development of tangible outputs (prototypes, solutions, models, etc.)	15
4	Prize/Award Winners	20

The exact distribution of marks and evaluation methodology shall be defined by the course faculty and approved by the School Dean. The total additional marks awarded shall be within the permissible limits of the course evaluation framework.

6.6.2 Guidelines

- Activities must be course-relevant and academically aligned
- Evaluation must be transparent and documented
- Additional marks shall be awarded based on performance, not mere participation
- Prior approval from the Course Coordinator and Department is mandatory
- Online courses, workshops, or seminars alone shall not qualify unless integrated with demonstrable outcomes or assessments

7. Credit Structure and Requirements

7.1 Courses Credit Structure

A course credit represents the academic effort required for a course, measured through instructional hours delivered over a semester. All courses are conducted over a full semester comprising minimum of **14 instructional weeks** as per Regulation 5.1.

Courses are structured using the **L-T-P-S-I framework**:

- L - Lecture, T - Tutorial, P – Practical, S – Skill, I – Internship/Research/Project,

The curriculum follows a choice credit-based system.

- 1 Lecture/Tutorial Hour/Week = 1 Credit
- 2 Practical/Skill Hours/Week = 1 Credit

Thus, the **LTPSI structure** indicates the distribution of instructional components, and the total credits (C) correspond to the sum of all components.

In addition to classroom instructional hours, students are also expected to engage in Team Work and Self Learning, which includes independent learning activities such as reading,

assignments, practice exercises, projects, case studies, and preparation beyond scheduled contact hours.

Example:

An **LTPSI of 3-1-2-0** indicates:

- 3 Lecture hours
- 1 Tutorial hour
- 2 Practical hours and
- 0 Skill hours

All delivered every week throughout the semester, leading to a total of **5 credits** upon successful completion of the course.

The minimum number of credits required for the award of the degree is 160 or as specified in the programme curriculum.

7.2 Minimum Credit Requirements

The minimum credit requirement for the completion of a programme at Sreenidhi University is specified in the respective [programme curriculum](#). In addition to achieving the overall minimum credits, students must also fulfil the prescribed course and credit distribution across various categories, including University Core (UC), Faculty Core (FC), Programme Core (PC), Programme Electives (PE), Open Electives (OE), Skill Development Courses (SDC), and other components such as Projects and Internships, as defined in the curriculum as specified in Regulation 6.3.

It is mandatory for students to complete all essential core components. Only upon fulfilling both the overall credit requirement and the category-wise requirements a student shall be considered eligible for the award of the degree.

8. Course Registration Process

Students are permitted to register only for courses offered in the specific semester of enrolment.

8.1 Pre-requisites

Certain courses may have pre-requisites as specified in the programme curriculum. A pre-requisite refers to a course that a student is expected to successfully complete before registering for a higher-level course. Students who have not satisfied the required pre-requisites shall not be permitted to register for such courses.

In exceptional cases, a pre-requisite requirement may be waived if the student demonstrates adequate prior knowledge or relevant exposure, subject to approval from the Course Instructor and the Department. Additionally, certain courses, particularly advanced or

programme elective courses, may require a minimum qualifying grade in the pre-requisite course, as determined by the faculty offering the course.

8.2 Minimum and Maximum Credit Limits

The academic load in a semester shall typically range from a minimum of 16 credits to a maximum of 25 credits, including credits from re-registered courses, subject to the minimum number of students registered for the course and approval by the Department.

Students who have completed most of their programme requirements in the final semester shall be permitted to register for fewer than 16 credits, subject to approval.

The maximum number of credits to be registered during the Weekend or Summer Term shall be notified by the University prior to the commencement of the term.

8.3 Course Registration

Every student must register for the courses for a given semester during the official registration period notified by the Directorate of Academic Planning & Strategy.

A student is eligible to register for courses through SreenidhiAI under any of the following categories:

1. A newly admitted student who has been issued a valid admission confirmation
2. A continuing student from the previous semester with no outstanding dues
3. A readmitted student, including those who have taken an academic break, were detained, or did not enroll in the previous semester, and have obtained formal readmission approval as per Regulation 11

8.3.1 Course Registration Confirmation

Upon successful course registration, a Course Registration Confirmation (CRC) Form shall be generated on SreenidhiAI and an email containing details such as course code, course title, credits, and student information will be shared.

- The student is required to verify all the details mentioned in the CRC form generated on SreenidhiAI.
- The student must sign the CRC form to confirm the accuracy of the registered courses or report any discrepancies, if found, within the stipulated timeline.
- Any discrepancies must be immediately brought to the notice of the Faculty Mentor/Department for necessary correction by Controller of Examinations (CoE).

The signed CRC Form shall be treated as the final and valid record of the student's registered courses and will be considered for semester academic planning, timetable allocation, and evaluation processes.

Failure to verify and submit the signed CRC form within the prescribed timeline may result in the registered courses being treated as final without further modifications.

8.4 Add/Drop Courses

Students who have registered during the official registration period are permitted to add or drop courses through SreenidhiAI within the stipulated add/drop window, which extends up to five (5) working days from the commencement of the semester.

All changes must comply with the prescribed minimum and maximum credit limits. Attendance shall be calculated from the start of the semester, and no relaxation shall be provided for missed classes. Students are expected to compensate for missed sessions through SreenidhiAI and other available resources.

8.5 Late Registration

Students who fail to register within the scheduled registration period must submit a request to the Directorate of Academic Planning & Strategy to enable late registration within two weeks from the commencement of classes, subject to clearance of all dues.

Requests beyond this period, up to the notified cut-off date, must be submitted through the proper channel (HoD/Dean). Registration requests beyond the cut-off date will not be permitted, and such courses to be registered whenever they are next offered by the University.

Students who do not register for one or more semesters must apply for readmission as per Regulation 11.

8.6 Course Re-registration

Students who do not successfully complete a course due to the shortage of prescribed attendance and are therefore not eligible to appear for the Semester End Examination (SEE), shall be considered having an incomplete course and must complete the course to fulfil programme requirements. Such students are required to re-register for the course in full in a subsequent semester, summer term, or approved fast-track term, subject to availability.

Re-registration shall require the student to undergo the complete course requirements afresh, including attendance and evaluation, and is subject to payment of the prescribed fees. The maximum number of courses/credits to be re-registered shall be notified by the University prior to the commencement.

8.7 Withdrawal from a Course

Students may withdraw from a registered course within 15 working days from the commencement of the semester, subject to maintaining the minimum credit requirement (except in the final semester).

A withdrawn course cannot be replaced within the same semester. The student must register for the course in a subsequent semester by paying the applicable fees to fulfil programme requirements.

8.8 Withdrawal from the Semester

A student may withdraw from the entire semester by submitting a formal request through the proper channel before the commencement of classes, as per University policy

No fee refund shall be applicable after the commencement of the semester

Students who withdraw from a semester must apply for readmission and pay the prescribed fees to continue their studies when the same semester is offered.

8.9 Registration Flexibilities

Sreenidhi University provides a flexible course registration system to support personalized learning pathways and academic progression.

- Students have the flexibility to choose from a diverse set of elective courses based on their interests, career goals, and emerging industry domains, subject to availability and eligibility criteria.
- Additionally, where applicable, students are permitted to choose their preferred faculty members for certain courses, in accordance with departmental norms and capacity constraints.
- Students may opt for acceleration or overloading, allowing them to register for courses from subsequent semesters or take additional credits beyond the prescribed limit to complete programme requirements earlier enabling them to engage with Capstone/Industry projects. However, course/programme completion certificate/degree will be issued only after completing the prescribed full duration of the programme.
- Conversely, students may choose deceleration or underloading to reduce their academic load by postponing certain courses to a later semester.

9. Teaching Learning Framework and Academic Delivery

The teaching–learning process at Sreenidhi University is designed to ensure a high-quality, student-centric, and outcome-driven academic experience, integrating structured planning, faculty preparedness, innovative pedagogy, and continuous improvement.

The University adopts a holistic academic delivery model, combining Outcome-Based Education (OBE), experiential learning, digital platforms, and industry integration, ensuring that students achieve both academic excellence and professional readiness.

9.1 Academic Delivery Framework

Academic delivery is carried out through a structured framework that includes:

- Pre-semester planning and course readiness
- Structured course delivery during the semester
- Continuous assessment and feedback mechanisms

- Post-course review and improvement

The process ensures alignment between Course Outcomes (COs), Programme Outcomes (POs), Programme Specific Outcomes (PSOs), and learning activities.

9.2 Semester Readiness and Course Preparation

Prior to the commencement of each semester, the University follows a structured Semester Readiness Process, adapted from best practices, to ensure faculty preparedness and quality delivery.

This process includes:

- Identification of courses to be offered and allocation of faculty
- Preparation of Course Handout which includes course plan, lesson plan, instructional design, evaluation and guidelines.
- Development of course materials, including notes, presentations, and digital content
- Preparation of question banks, assessment components and evaluation methods
- Identification of practical experiments, skill exercises, and project components

Faculty members are expected to engage in self-learning, collaborative preparation, and skill enhancement activities to ensure effective course delivery.

The course coordinator/instructor will distribute the course plan to the students during the first week of the scheduled commencement of the course using SreenidhiAI.

9.3 Teaching Learning Methods

The University adopts a combination of traditional and modern teaching methodologies, including:

- Lectures and interactive classroom sessions
- Tutorials and problem-solving sessions
- Laboratory and skill-based learning
- Project-based and case-based learning
- Active Learning Approaches such as Flipped classroom and blended learning approaches
- Team Work and Self Learning
- Use of Edtech platforms and
- SreenidhiAI

The emphasis is on active learning, critical thinking, and application-oriented understanding.

9.4 Digital Learning & LMS Integration

All courses are supported through our Intelligent Learning Infrastructure (ILI), SreenidhiAI which enables:

- Access to course materials, video lectures, and learning resources
- Online quizzes, assignments, and assessments
- Discussion forums for collaborative learning
- Tracking of student progress and performance

Faculty are required to maintain updated course content on the ILI to support continuous and flexible learning.

9.5 Faculty Roles and Responsibilities in Academic Delivery

Academic delivery is supported by clearly defined roles:

Course Coordinator

- Leads course planning and delivery
- Ensures uniformity across sections
- Oversees course materials, assessments, and evaluation standards
- Monitors student performance and feedback

Course Instructor

- Delivers course content effectively
- Engages students through active learning methods
- Conducts assessments and provides feedback
- Supports slow learners and encourages advanced learners

Faculty continuously upgrade their knowledge through Faculty Development Programs (FDPs), Research, MOOCs, and industry exposure.

9.6 Continuous Monitoring and Quality Assurance

The quality of academic delivery is ensured through Course Academic Committee (CAC) meetings.

Special attention is given to:

- Identification and support of slow learners
- Encouragement of peer learning and mentoring
- Continuous improvement of teaching methodologies

9.7 Integration of Industry and Advanced/Experiential Learning

Academic delivery includes integration of:

- Industry experts and guest lectures
- Workshops, seminars, and certification programs
- Exposure to real-world problem statements and case studies
- Alignment with global certifications and emerging technologies

This ensures students are prepared for industry, research, innovation, entrepreneurship, and higher education pathways.

9.8 Academic Integrity and Learning Ethics

All teaching–learning activities adhere to University policies on:

- Academic integrity and plagiarism
- Attendance requirements
- Evaluation transparency and fairness
- Ethical and professional conduct

Students are sensitized to these policies as part of the academic delivery process.

10. Attendance

10.1 Attendance Policy

Students are expected to maintain 100% attendance in all registered courses. However, to account for genuine reasons such as health issues, family emergencies, or participation in academic and co-curricular and extra-curricular activities, a relaxation is permitted. Students must maintain a minimum of 75% attendance in each course, and up to 25% absence is allowed without the need for supporting documentation. This 25% absence includes medical, personnel, casual, official leave of absence for organizing events/ seminars/ workshops/ technical/ cultural festivals/ competitions/ participation in co-curricular/ extra-curricular events/ clubs/ professional societies/ NSS & NCC camps, any other (valid or otherwise) reason.

In exceptional cases, a provision for condonation of attendance shortage up to 10% (i.e., up to a minimum of 65% attendance) may be granted by the competent authorities on the recommendations by the HoDs/Dean based on genuine medical reasons or participation in approved academic/co-curricular/extra-curricular activities, subject to submission of valid supporting documents. A condonation fee, as prescribed by the University from time to time, shall be applicable.

Table 10.1 Minimum attendance requirement in individual Course

Attendance Eligibility Criteria for	Period of Calculation of Absence	Minimum percent attendance required
Term Test – 1	From the date of registration into the course to one day before the start of Term Test - 1	75%
Term Test - 2	From the date of registration into the course to one day before the start of Term Test - 2	75%
Semester End Examinations	From the date of registration into the course to the last instructional day	75%

10.2 Undertaking for Attendance Shortage

In cases where a student's attendance falls below the prescribed requirement, the student shall submit an Undertaking for Attendance Shortage.

- The undertaking must be jointly signed by the student and parent/guardian.
- It shall also be verified and endorsed by the Faculty Mentor, Mentor Coordinator, Head of the Department (HoD), and the Dean of the School.
- The completed undertaking must be submitted to the Department through the Faculty Mentor.

The prescribed formats for the undertakings are provided in [Annexure - I](#) and [Annexure - II](#).

These undertaking documents shall be automatically generated through SreenidhiAI, and students are required to ensure timely submission as per the notified schedule.

Students are required to submit the undertaking whenever instructed by the Department authorities. Failure to comply within the stipulated timeline may result in the student being treated as ineligible as per academic policy mentioned in 10.1.

10.3 Detention

Attendance shall be monitored through SreenidhiAI, and no exemption shall be granted beyond the prescribed limit. Students who fail to meet the minimum attendance requirement shall be debarred from appearing for the Semester End Examination (SEE) in that course. Such students shall be treated as having an incomplete course, and they must re-register for the course in full in a subsequent semester to successfully complete it as mentioned in Regulation 8.6. Attendance shall be calculated from the date of course registration up to the last instructional day prior to the examination as per the schedule specified in the Academic Calendar.

10.4 Attendance Relaxation Policy

Students demonstrating consistent academic excellence may be considered for an attendance waiver. Students who have secured a CGPA of 9.00 or above in the previous semester may be granted an attendance waiver for up to three courses in the subsequent semester, subject to prior approval from the Head of the Department, School Dean and Director, Academic Planning & Strategy.

Students availing this waiver shall be permitted to participate in all evaluation components, including CIE and SEE, and shall not be considered ineligible on account of attendance requirements for the approved courses, provided they comply with all other academic regulations.

11. Readmission

Students placed under academic break due to any reason may apply for readmission by paying the prescribed fees as per University norms. Readmission shall be permitted up to two times during the entire duration of the programme.

Eligible students must submit their application for readmission to the School Dean through the proper channel, at least 30 days prior to the commencement of the semester in which they intend to resume their studies.

12. Leave Policy

As per the criteria mentioned in the Regulation 10.1 students are expected to maintain 100% attendance in all the registered courses. However, a minimum of 75% attendance in each course is mandatory to be eligible to appear for the Semester End Examination (SEE).

The University encourages participation in co-curricular, extracurricular, sports, and professional activities, but such participation must not result in attendance falling below the prescribed limit.

Shortage of attendance may be considered for condonation up to 10% (i.e., up to 65%) only in exceptional cases such as:

- Genuine medical emergencies supported by valid documents
- Participation in approved University, State, or National level events

12.1 Medical Leave

In exceptional cases involving hospitalization or medical conditions, a student may be permitted to continue academic participation subject to meeting the minimum attendance requirement of 75%. Such permission shall be granted by the Vice-Chancellor (VC), based on the recommendations of the School Dean and remarks from the University Medical Officer, through the proper channel, and supported by valid medical documentation.

Students requiring prolonged medical treatment may apply for Medical Leave of Absence on SreenidhiAI during their programme of study. However, under no circumstances shall a student be permitted to appear for the Semester End Examination (SEE) if the attendance falls below the minimum prescribed requirement as mentioned in Regulation 10.1.

12.1.1 Procedure for Medical Leave

1. The student shall submit medical documents from a registered medical practitioner on SreenidhiAI.
2. The Mentor shall verify the documents and forward the request through the proper channel to the School Dean through proper channel.
3. The Dean shall review and forward the case to the Vice-Chancellor, along with remarks from the University Medical Officer.

4. The Vice-Chancellor shall approve the medical leave and duration, based on recommendations.
5. During this period, the student's status shall change from "Active" to "Medical Leave of Absence". The student may avail medical leave for a maximum duration of two years, either continuously or in phases.
6. The student shall not be permitted to attend classes or utilize University academic infrastructure during the academic break.

12.1.2 Readmission after Medical Leave

Before applying for readmission or re-registration, the student must submit a medical fitness certificate issued by the University Medical Officer. The readmission request must be submitted through the proper channel to the School Dean, at least 30 days prior to the commencement of the semester.

Students under medical leave must maintain communication with the Mentor regarding readmission or extension of leave. A student may cancel the approved leave and apply for readmission before the commencement of a semester.

Any unauthorized absence of 15 days of period without prior approval shall be treated as withdrawal from the programme.

12.2 Representing University, State or Country - Official Leave

Students participating in approved academic, co-curricular, extracurricular, or sports activities representing the University may be granted official leave. It shall be the responsibility of the Coordinator / Director / Faculty In-charge of the event to inform the concerned Department/School in advance, along with details of participating students and the duration of the event.

In cases where such participation coincides with scheduled examinations, the same shall be brought to the notice of the School Dean, who will take up the matter with the Vice-Chancellor (VC) through the proper channel. Based on the merits of the case and supporting documentation, the University may consider granting appropriate relief, including permission to appear for the examination later as first appearance. However, such permission shall be purely discretionary and not a matter of right.

Students representing the University in approved events such as sports, technical competitions, cultural activities, NSS/NCC, or other recognized engagements may be granted official leave.

12.3 Personal Leave of Absence

A student may be granted Personal Leave of Absence from the campus due to genuine personal difficulties during the programme of study. Such leave may be availed within a semester, provided the student is able to maintain the minimum attendance requirement of 75%.

Students intending to avail personal leave shall submit their request in the prescribed format through the Faculty Mentor / appropriate academic channel.

12.3.1 Procedure for Personal Leave

1. The student shall apply for personal leave on SreenidhiAI.
2. The Mentor shall review, acknowledge, and forward the request to the HoD for approval and communication of the decision.
3. If the student's attendance falls below the prescribed minimum requirement after availing personal leave, the student shall be placed under Academic Break.
4. During the approved leave period, the student's status shall change from "Active" to "Personal Leave of Absence".
5. The student shall not be permitted to attend classes or utilize University academic infrastructure during the period of academic break.
6. While applying for leave, the student must indicate the expected date of rejoining.
7. A student placed under Academic Break must apply for readmission, and the process shall be initiated at least 30 days prior to the commencement of the semester. The student shall maintain communication with the Mentor regarding readmission or extension of leave and may cancel the approved leave period to rejoin before the start of a semester.
8. Any unauthorized absence without prior approval shall be treated as withdrawal from the programme

12.4 Parental Leave of Absence

Students who wish to take a break during their programme due to parental reasons, such as pregnancy, maternity, or paternity responsibilities, may apply for Parental Leave of Absence. In cases where the student intends to continue academic participation, permission to appear for the Semester End Examination (SEE) may be granted by the Vice-Chancellor, based on recommendations from HoD and School Dean and remarks from the University Medical Officer, subject to meeting the minimum attendance requirement of 75%.

12.4.1 Procedure for Parental Leave

1. The student shall apply for parental leave on SreenidhiAI along with relevant documents.
2. The Mentor shall review, acknowledge, and forward the request to the HoD for approval and communication of the decision.
3. If the student's attendance falls below the prescribed minimum requirement after availing parental leave, the student shall be placed under Academic Break.
4. During this period, the student's status shall change from "Active" to "Parental Leave of Absence".
5. A student may avail parental leave for a maximum duration of two years during the programme, either continuously or in multiple phases.

6. The student shall not be permitted to attend classes or utilize University academic infrastructure during the leave period. The application must include the expected date of rejoining.
7. A student under Academic Break must apply for readmission, which shall be initiated at least 30 days prior to the commencement of the semester. The student shall maintain communication with the Mentor regarding readmission or extension of leave and may cancel the approved leave period to rejoin before the start of a semester.
8. Any unauthorized absence without prior approval shall be treated as withdrawal from the programme.

13. Assessment and Evaluation

13.1 Assessment

The assessment of each course at Sreenidhi University comprises Continuous Internal Evaluation (CIE) and the Semester End Examination (SEE). The CIE component includes a combination of Term Tests, Quizzes, Case Studies, Assignments, Practical/Skill work, Certifications, and Project-based evaluations, designed to continuously assess the student's understanding, application, and skill development throughout the semester.

The evaluation types and corresponding assessment structure for different categories of courses are detailed in tabular form in [Annexure- IV](#).

Students are advised to refer to the course handout for detailed information regarding the assessment pattern and weightage.

- The CIE Term Tests and SEE shall be conducted as per the Academic Calendar.
- Students may be required to appear for multiple examinations in a single day during CIE, SEE, or supplementary examinations, depending on the schedule.

Table 13.1 Evaluation Structure and Minimum Passing Mark of CIE and SEE

School	Course Type	CIE	SEE	Minimum requirement for pass %
		Weightage in % (A)	Weightage in % (B)	A+B
Sreenidhi School of Engineering	Theory	50	50	50
	Practical/Skill/Internship/Capstone Projects	50	50	50
	Theory + Practical/Skill	50	50	50
	Value Added Courses	50	50	50
<i>Value Added Courses are assessed as 'Satisfactory' or 'Not Satisfactory'</i>				

13.2 Higher Order Thinking Skills (HOTS) based Questions

To assess students' abilities in analysis, evaluation, and synthesis, Sreenidhi University incorporates Higher Order Thinking Skills (HOTS)-based questions in all Continuous Internal Evaluation (CIE) components and Semester End Examinations (SEE). While basic cognitive skills involve recall and understanding, HOTS emphasize critical thinking, problem-solving, and application of knowledge. Accordingly, question papers shall include a minimum of 75% questions aligned with HOT to promote deeper learning and conceptual clarity.

In alignment with this approach, the University adopts Bloom's Taxonomy Levels (BTL) as a framework for designing assessments. Questions are structured across different cognitive levels, ranging from BTL 1 (Remember) and BTL 2 (Understand) to higher levels such as BTL 3 (Apply), BTL 4 (Analyze), BTL 5 (Evaluate), and BTL 6 (Create). Sreenidhi University emphasizes BTL 3 to BTL 6 levels in assessments to ensure outcome-based education, industry readiness, and the development of critical, innovative, and design-oriented thinking skills among students.

13.3 Eligibility for Examinations

All students who have registered for a course shall be eligible to appear for the Continuous Internal Evaluation (CIE) and the Semester End Examination (SEE) of that course, provided they are not debarred due to any of the following reasons:

1. Shortage of attendance below the prescribed minimum requirement
2. Acts of indiscipline or academic misconduct
3. Withdrawal from the registered course

Students with benchmark disabilities, who do not avail the facility of a scribe, may be granted additional time during examinations, subject to approval by the School Dean / Controller of Examinations (CoE). The additional time may be up to 30 minutes for CIE components (such as term tests) and 60 minutes for SEE, as applicable.

13.4 Continuous Internal Evaluation (CIE)

- The Continuous Internal Evaluation (CIE) is conducted throughout the semester to assess the student's continuous learning and performance.
- The components under CIE may include:
 - Term Test
 - Tutorials
 - MOOCS (Self Learning Module)/ Assignments
 - Sreenidhi Intelligent Assessment (SIA) Objective Tests
 - Practical Internal Test
 - Regular Lab Performance/Activity Assessment
 - Project Work Assessment/Seminar Presentation
 - Regular Skill Performance Evaluation
 - Skill Certification

- The CIE component shall carry 50% weightage of the total course marks as mentioned in table 13.1.
- The evaluation structure of above CIE components is provided in [Annexure - IV](#).
- The weightage and combination of these components shall be defined by the Course Coordinator and communicated through the course handout, with approval from the Director, Academic Planning & Strategy, prior to the commencement of the semester.
- To ensure transparency in evaluation:
 - The solution key and evaluation scheme shall be made available on SreenidhiAI on the day of the examination.

13.4.1 Viewing of Scripts and CIE Marks

Evaluated answer scripts of Term Tests shall be shared with students for verification in accordance with the timelines specified in the Academic Calendar.

The Continuous Internal Evaluation (CIE) marks for all registered courses shall be made available on SreenidhiAI prior to the commencement of the Semester End Examination (SEE), as per the schedule specified in the Academic Calendar.

Students are required to verify their CIE marks and report any discrepancies to the Course Instructor within the stipulated timeline. If the issue is not resolved, the student may escalate the matter through the proper channel to the Course Coordinator/HoD / School Dean within two days from the commencement of SEE. Requests submitted beyond the prescribed timeline shall not be considered.

13.4.2 Absence in CIE Assessments

Students who are unable to appear for any CIE component due to medical emergency, participation in approved co-curricular/extracurricular activities, or other valid reasons may be permitted to appear for a re-examination, subject to approval from the Director, Academic Planning & Strategy through proper channel. The pattern and duration of such re-examinations shall be determined by the School Dean

13.5 Remedial Policy and Exams

13.5.1 Policy

Remedial classes are recommended for students who require additional academic support based on their performance in the CIE Term Tests components. These include:

- Students who did not appear for or secured less than 60% marks in Term Test 1
- Students who have not attained the relevant Course Outcomes (COs) in Term Test 1
- Any other students identified by the faculty, as permitted by the School Dean

Remedial classes shall be conducted to bridge learning gaps and improve student performance, following these guidelines:

- Remedial sessions shall be scheduled within one week after the completion of Term Test 1
- The total number of remedial classes shall be approximately 33% of the regular classes conducted up to Term Test 1
- Remedial classes shall not be conducted during regular academic hours and must be scheduled separately.

13.5.2 Exemption from Remedial Classes

Remedial classes are conducted beyond regular academic hours or during holidays to support student learning. Attendance in these classes is mandatory for eligible students.

However, limited exemption from remedial classes may be permitted under the following conditions:

- A student may be granted exemption for up to 15% of the total remedial classes only.
- Students seeking exemption must submit an Undertaking for Exemption, duly signed by the parent/guardian.
- The undertaking shall be submitted through the Faculty Mentor to the Department within the prescribed timeline.
- The undertaking shall clearly indicate that the student and parent/guardian are aware of the academic support being provided and accept responsibility for the student's academic performance.

The prescribed format for this undertaking is provided in [Annexure - III](#) and shall be generated through the School's academic system.

Eligibility for the remedial examination shall be governed by the minimum attendance requirement specified under Regulation 13.5.3.

13.5.3 Remedial Exams

Remedial examinations are conducted to support students who require improvement after Term Test 1.

- Students who score less than 60% or are absent in Term Test I must attend remedial classes as mentioned in Regulation 13.5.1 and maintain a minimum of 85% attendance in those classes to become eligible for the remedial examination.
- The remedial examination shall be conducted only for courses where remedial classes are offered. The number of remedial classes to be conducted as per the policy is mentioned in Regulation 13.5.1.
- No remedial examinations shall be conducted for Term Test 2 or Practical/Skill courses.

13.6 Capstone and Research Projects

Students can perform Project work or Research individually or in a group (not exceeding four (4) members). As mentioned in table 13.1 Capstone/Research Projects are assessed under CIE

and SEE for 100 marks, and the student must obtain a minimum of 50% marks to pass the course successfully. Evaluation includes weightage for periodic reviews, reports and final viva voce.

13.7 Internship(s)

Students are required to complete mandatory internships and experiential learning activities at different stages of the programme and are also encouraged to undertake additional internships, research activities, fellowships, and academic engagements at reputed institutions, industries, and universities in India or abroad during semester or vacation periods.

A Social Internship shall be undertaken after completion of the 1st year, a Technical Writing after completion of the 2nd year, and a Summer Internship after completion of the 3rd year during the respective vacation periods. In addition, students shall undertake one internship each during the 7th and 8th semesters as part of the academic engagement.

Students intending to participate in internships or other academic engagements shall obtain prior approval in accordance with the procedures specified in the relevant University [policy](#). Students awarded fellowships by recognized Indian Academies of Science, Engineering, or other approved agencies for academic, or research activities shall also be eligible to participate in such opportunities. The detailed approval process, internship guidelines, and evaluation mechanism shall be governed by the respective University Internship [Policy](#).

Students who are unable to appear for Term Tests due to approved internships, placement-related activities, recognized academic/research engagements, or genuine medical reasons may be permitted to appear for a Re-Term Test, subject to fulfilment of minimum attendance requirements, submission of valid supporting documents, and approval of the Vice-Chancellor.

On the successful completion of the internship, students shall submit an individual internship report. Assessment may include evaluation of the report, plagiarism verification, presentation, and/or viva voce examination etc as mentioned in the [policy](#). Students must secure a minimum of 50% marks for successful completion of the internship course, as specified in Table 13.1.

13.8 Evaluation of Semester End Examination (SEE)

- The Semester End Examination (SEE) is conducted at the end of the semester to evaluate the overall understanding and achievement of course outcomes.
- The SEE shall include written examinations, practical/laboratory assessments, project evaluations, presentations, or skill-based assessments, as specified in the course handout.
- The weightage and combination of these components shall be defined by the Course Coordinator with the approval from Heads/Dean and the Director, Academic Planning

& Strategy prior to the commencement of the semester and communicated through the course handout.

- To ensure transparency the solution key and evaluation scheme shall be published on SreenidhiAI portal on the day of the examination.
- The detailed evaluation structure of Semester End Examination (SEE) of various type of courses, including final CIE + SEE combined marks and minimum passing criteria, are provided in [Annexure - IV](#).
- Students who are unable to appear or absent for SEE due to medical emergency or participation in approved activities representing University/State/Country may be permitted to write the SEE as first appearance on the later date and time, subject to prior approval from the Vice-Chancellor through School Dean and Director, Academic Planning & Strategy.
- Supplementary examinations shall be conducted as per University norms, with approval from the Vice-Chancellor, wherever applicable.

13.8.1 Absence in SEE

A student who is not eligible to appear for the SEE due to shortage of attendance shall be awarded a “W” grade as specified in table 14.1 and must re-register for the course in a subsequent semester or whenever the course is offered.

A student who is eligible but absent for the SEE shall be awarded an “Ab” grade as specified in table 14.1, and must appear for the supplementary examination, as and when conducted by the University.

13.9 Supplementary Examinations

A student shall be eligible to appear for a Supplementary Examination if they are absent in a course in Semester End Examination (SEE). The supplementary examination shall generally be conducted for the SEE component only, and students must clear the course as per the prescribed passing criteria.

In addition, the University may conduct special supplementary examinations, based on specific academic requirements and student needs, with the approval of the Vice-Chancellor. Such provisions are intended to support timely completion of the programme.

Students are required to register within the notified timeline and pay the prescribed examination fee. Students who clear courses through the supplementary examination route shall not be eligible for the award of First Class with Distinction, as per University norms.

13.10 Results Declaration

After the completion of the Semester End Examination (SEE), the final grades for all courses shall be declared by the Controller of Examinations (CoE) and made available to students and parents through SreenidhiAI.

13.11 Withholding of Results

The results of a student may be withheld under the following circumstances:

- If any malpractice case is pending against the student
- If any disciplinary action is pending against the student

13.12 Review and Revaluation

- The students may raise their concerns or grievances regarding the evaluation of their answer scripts under any of the following categories
 - Revaluation / Review
- Students must apply within 10 days from the date of declaration of results.
- Students may apply through the official link or through the student portal, SreenidhiAI or offline through the proper channel
- In case of Review of Answer Scripts, Review dates are fixed in advance and communicated to students and faculty.
- On the scheduled date, the student and the faculty member(s) who evaluated the answer script jointly review it.
- Any modifications to the marks must be clearly justified by the faculty. Based on this justification, marks/grades may be revised and declared, ensuring transparency in evaluation.
- In the case of Re-valuation of Answer scripts, the Office of the Controller of Examinations shall arrange for revaluation by examiners, who have not previously corrected the answer scripts.
- The examiner for revaluation is selected from the panel approved by the Vice-Chancellor.
- If the revaluation mark differs by more than 10 %, a third examiner will evaluate the script.
- If the variation among the evaluations is still beyond the permitted limit, a committee shall be constituted comprising:
 - Head of the Department (HOD) – Member
 - First Examiner – Member
 - Second Examiner – Member
 - Dean of the respective School – Chairperson
 - Controller of Examinations (CoE) – Member Secretary
- The committee shall examine the case and finalize the marks.
- The results of Review/Revaluation will be communicated to the student within 15 working days from the date of submission of the grievance.
- No further review or appeal shall be entertained thereafter.
- Review/Revaluation will not be permitted for practical, or viva voce examinations
- The Review/Revaluation results will be communicated to the students by the School Dean

- If the student's grievance remains unsolved, a committee consisting of senior faculty members will review student appeals and recommends action in line with statutory norms and University rules and regulations.

13.12.1 Non-Eligibility for Re-evaluation

Re-evaluation shall not be permitted for the following:

- Practical/Skill examinations
- Capstone Project work / Internships Viva-Voce

13.13 Semester and Consolidated Grade Sheet

At the end of each semester, all students shall be issued a Grade Sheet by the Office of Controller of Examinations, which serves as an accurate record of the student's academic activity for that semester. The Grade Sheet shall include details of all registered courses.

The overall academic performance of a student across all semesters shall be presented in the Consolidated Grade Sheet, which shall be issued by the Office of Controller of Examinations upon successful completion of the programme along with the Provisional Certificate. The Consolidated Grade Sheet shall include the grades obtained, CGPA, class awarded, and details of the chosen programme, specialization/track, completed by the student.

An exclusive grade sheet for the Minor programme shall be issued separately, and the Minor grades shall not be reflected in the Major degree transcript.

The Honors details shall also be reflected in the Consolidated Grade Sheet under a separate heading "Honors", listing all relevant courses and grades. A separate CGPA for the Honors programme shall be indicated at the end of this section

13.14 Promotion

All students are promoted to their next semester or year of their programme automatically, irrespective of the academic performance.

13.15 Academic Bank of Credits

The Academic Bank of Credits (ABC) is a digital/virtual academic repository established and managed by the Ministry of Education (MoE) / University Grants Commission (UGC). It enables students to function as academic account holders, facilitating the storage, accumulation, and transfer of academic credits.

ABC supports seamless student mobility across and within Higher Education Institutions (HEIs) through a formal system of credit recognition, accumulation, transfer, and redemption, thereby promoting flexible and distributed learning pathways. It also enables students to pursue learning across programmes and institutions, subject to fulfilling the prescribed eligibility and regulatory requirements.

13.15.1 Implementation

Sreenidhi University is Approved by Govt. of Telangana vide G. O. Ms. No. 55, Higher Education Dept, dt: 30.07.2024 and Recognized by UGC under Section 2(f) of UGC Act,1956.

University is registered under the Academic Bank of Credits (ABC) scheme, enabling students to create and maintain their academic credit accounts and benefit from credit accumulation, transfer, and redemption as per the guidelines of the Ministry of Education (MoE) and UGC.

13.15.2 ABC - Grievance Redressal Mechanism

The Controller of Examinations (CoE) shall establish an appropriate Grievance Redressal Mechanism for issues and appeals related to the Academic Bank of Credits (ABC). This mechanism shall address concerns arising at various stages, including course registration, credit accumulation, credit transfer from other institutions, and credit redemption, ensuring a transparent and efficient process in alignment with ABC guidelines.

14. Grading System and Award of Degree

14.1 Letter Grade – Absolute Grading System

Based on the percentage of total marks obtained (CIE + SEE) mentioned in table 13.1 the corresponding Letter Grade, in line with UGC/AICTE guidelines, shall be awarded to the student. The University follows a 10-point absolute grading system to convert marks into grades, as specified in the table 14.1.

Table 14.1 Letter Grade and Corresponding Grade Points on Scale 10

S No	Grade	Description	Grade Points	Marks Range in a Course
1	O	Outstanding	10	90 - 100
2	A+	Excellent	9	80 - 89
3	A	Very Good	8	70 - 79
4	B+	Good	7	60 - 69
5	B	Average	6	50 - 59
6	C	Pass	5	40 - 49
7	F	Fail	0	< 40
8	Ab	Absence for the SEE	0	Absent
9	W	Shortage of Attendance	0	Failure due to insufficient attendance in the course

The letter grade secured by the student, whether through regular attempt or supplementary, shall be reflected in the Grade Sheet.

14.2 Calculation of Grade Point Average (SGPA, CGPA)

The Semester Grade Point Average (SGPA) is a quantitative measure of a student's academic performance in each semester. It is calculated as the weighted average of the grade points obtained in all courses registered by the student during that semester, after considering any add/drop or withdrawal. For each course, the grade points earned as mentioned in table 14.1 are multiplied by the corresponding course credits, and the sum of all such products is divided by the total number of credits registered in that semester.

$$SGPA = \frac{\sum_{i=1}^n C_i * G_i}{\sum_{i=1}^n C_i}$$

where

- n is the number of courses taken by the students in a semester
- C_i is the number of credits allotted to the course i
- G_i is the number of grade points secured by the student in the course i

The Cumulative Grade Point Average (CGPA) represents the overall academic performance of a student from the time of admission up to a particular semester. It is calculated as the weighted average of grade points obtained in all courses as mentioned in table 14.1 registered across all semesters, with due consideration to course credits. However, the SGPA of I year I semester itself may be taken as the CGPA, as there are no cumulative effects.

$$CGPA = \frac{\sum_{i=1}^m C_i * G_i}{\sum_{i=1}^m C_i}$$

where

- m is the number of courses graded until that semester
- C_i is the number of credits allotted to the course i
- G_i is the number of grade points secured by the student in the course i

Note: SGPA and CGPA will be rounded off to two decimal places

The SGPA will be awarded to the students for all the registered courses in a semester. The credits of the failed courses shall also be considered while calculating SGPA/CGPA in each semester. For cases where multiple attempts have been made to get a letter grade, the last successful attempt will be used for the CGPA calculation.

The audit courses and courses taken towards 'Minor' or 'Honors' are not counted for the calculation of SGPA or CGPA of the programme.

Both SGPA and CGPA are calculated at the end of each semester and are reflected in the official Grade Sheet issued by the University.

Illustrative sample calculations for SGPA, CGPA, and percentage conversion are provided in [Annexure - V](#).

14.3 Conversion of CGPA to Percentage (%)

For calculating the final % of marks equivalent to the calculated final CGPA, the following formula may be used:

$$\text{Percentage(\%) of Marks} = (\text{CGPA} - 0.5) * 10$$

14.4 Award of Class

The CGPA requirement for the award of the class is as follows

Table 14.2 Class Declaration

Class	CGPA Required	Conditions
First Class with Distinction	≥ 8.00	The student must have passed all the registered courses in the first attempt within the prescribed duration.
First Class	≥ 6.50	The student must have passed all the registered courses in the first attempt.
Second Class	< 6.50	NIL

14.5 Award of the Degree

A student shall be eligible for the award of the degree upon successful completion of the programme by securing the minimum prescribed credits.

The original degree certificate shall be awarded during the subsequent convocation.

14.6 Award of the Degree for an Extraordinary Student

An Extraordinary Student is one who maintains a CGPA of 9.00 or above throughout the duration of the degree programme until its completion.

14.7 Award of University Ranks

The CGPA secured by the student from the 3rd to 8th semesters shall be considered for the award of University Rank in each of the streams/disciplines of the B.Tech. programme.

A student shall meet the following criteria to be eligible for the award of University Rank:

- i Must have passed all courses from the Semester 1 to Semester 8 in the first attempt, if admitted to the 1st year.
- ii Must have passed all courses from the Semester 3 to Semester 8 in the first attempt, if admitted directly to the 2nd year through lateral entry.
- iii Must not have been a repeater in any semester due to failure in a course/shortage of attendance/rejoining/readmission or any similar reason.

- iv University Rank shall be awarded in a specialization only if a minimum of ten students has appeared for the Semester 8 examination.
- v A maximum of two ranks shall be awarded if the total number of students in a programme is less than 50; otherwise, a maximum of three ranks shall be awarded.
- vi University Rank shall be awarded based on the CGPA of the student. In case of a tie in CGPA, the rank shall be determined by considering the number of times a student has secured a higher SGPA. If the tie persists, the number of higher grades (O, A+, A, B+, B, etc.) secured by the student shall be considered to determine the final ranking.

Note: Additional credits earned for Honors or Minor programmes shall not be considered for the award of University Rank.

15. Additional Learning through Minors and Honors

Students are encouraged to pursue additional learning to broaden their knowledge across disciplines or to gain deeper expertise in their chosen field through Minor and Honors programmes. These programmes enable students to earn additional credits beyond their major degree requirements, thereby enhancing their academic profile and interdisciplinary competence.

Students opting for such additional learning shall be required to pay the prescribed additional fees, as notified by the University at the time of registration for the respective courses.

15.1 Minor Programme

A Minor is an add-on degree awarded by the Sreenidhi School of Engineering, Sreenidhi University. It is independent of the student's primary B.Tech. degree in a major engineering discipline. Pursuing a Minor is optional and not mandatory for B.Tech. students.

The Minor may be in either an engineering or a non-engineering discipline. However, a student is allowed to choose only one Minor, either from engineering or non-engineering domains

15.1.1 Eligibility, Rules and Regulations for Minor Programmes

1. A student who satisfies the below eligibility criteria may opt for a Minor programme offered by a Department/School other than the one in which they are enrolled for their major degree. The list of available Minor programmes shall be notified by the University.
2. A student will be permitted to pursue/register for a Minor, if and only if, he / she fulfils the following criteria:
 - a. secured $\geq$ B grade in all the courses and obtained a CGPA $\geq$ 7.50 until 3rd Semester. Further, a student should maintain the above-mentioned performance in the remaining Semester 5 to Semester 8.
 - b. There must NOT be any standing arrears

- c. Must be in the active rolls of the department without any break of study or detention or disciplinary action pending against the student
 - d. Must not have opted for or pursuing Honors degree
3. Students opting for a Minor programme shall be required to pay additional fees for the courses registered beyond the minimum credit requirements of their major programme.
4. The minimum credit requirement for a Minor programme is 18 or 20 credits. These credits may also be earned through approved MOOC platforms (such as SWAYAM), subject to credit transfer norms and payment of the prescribed fee.
5. Courses under the Minor programme may be registered from the Semester 4 onwards. Such courses may also be completed during the Summer Term or other approved academic terms and must be completed by Semester 8. The Minor degree will not be awarded beyond this period.
6. The offering department shall scrutinize applications and publish a list of selected students based on eligibility criteria and prerequisites. The decision of the offering department is final and binding.
7. To successfully complete a Minor programme, the student must secure at least a passing grade in all registered courses. In case of an 'F' grade, the student must re-register for the course and clear it as per University norms.
8. The attendance requirements and all academic regulations applicable to courses under the major programme shall also apply to Minor programme courses as mentioned in Regulation 10.
9. The Continuous Internal Evaluation (CIE) and Semester End Examination (SEE) for Minor programme courses shall follow the academic regulations specified in Regulation 13.4 and 13.8. In case a course is completed through SWAYAM, with prior approval from the Director, Academic Planning & Strategy, the credit transfer and equivalency norms as specified in Regulation 6.5.1 shall be applicable.
10. If a student withdraws from the Minor or fails to complete it within the allowed time:
 - a. The Minor degree will not be awarded.
 - b. A grade sheet will be issued for the completed courses, or
 - c. The courses may be converted into audit courses.
11. The Minor degree programme will NOT be issued until the Major degree is successfully completed even though all requirements for the Minor have been satisfied.

15.2 Honors Degree

Students with strong academic performance may pursue the Honors programme to gain advanced knowledge and specialization within their discipline.

15.2.1 Eligibility, Rules and Regulations for the Honors

1. The Honors shall be offered within the same Department/School in which the student is enrolled for the major degree.

2. A student will be permitted to pursue/register for, an Honors Degree, if and only if, he / she fulfils the following criteria:
 - a. secured $\geq$ B grade in all the courses and obtained a CGPA $\geq$ 7.50 until 4th semester. Further, a student should maintain the above-mentioned performance in the remaining Semester 5 to Semester 8.
 - b. There must NOT be any standing arrears
 - c. Must be in the active rolls of the department without any break of study or detention or disciplinary action pending against the student
 - d. Must not have opted for or pursuing Minor Programme.
3. Students opting for an Honors Degree shall be required to pay additional fees for the courses registered beyond the minimum credit requirements of their major programme.
4. The minimum credit requirement for an Honors Degree is 18 or 20 credits from the same track/specialization, over and above the regular programme requirements. These credits may also be earned through approved MOOCs/SWAYAM, subject to approval from the Director, Academic Planning & Strategy.
5. Courses under the Honors may be registered from the Semester 4 onwards, subject to the maximum credit limit per semester, and may also be completed during the Summer Term or other approved academic terms.
6. To successfully complete the Honors, the student must secure a minimum grade of 'A' in all Honors courses in the first attempt.
7. The attendance requirements and all academic regulations applicable to courses including CIE and SEE under the major programme shall also apply to Honors courses as mentioned in Regulation 10.
8. The Continuous Internal Evaluation (CIE) and Semester End Examination (SEE) for Honors courses shall follow the academic regulations specified in Regulation 13.4 and 13.8. In case a course is completed through SWAYAM, with prior approval from the Director, Academic Planning & Strategy, the credit transfer and equivalency norms as specified in Regulation 6.5.1 shall be applicable.
9. If a student withdraws from the Honors or fails to complete it within the allowed time:
 - a. The Honors degree will not be awarded.
 - b. A grade sheet will be issued for the completed courses, or
 - c. The courses may be converted into audit courses.

15.2.2 Award of Honors

The Honors qualification shall be indicated in the Degree Certificate as: "Bachelor of Technology (Honors) in (Name of the Programme) with specialization in (Honors Programme)".

Example: Bachelor of Technology (Honors) in Computer Science and Engineering with specialization in Data Science.

The Honors details shall also be reflected in the Consolidated Grade Sheet under a separate heading “Honors”, listing all relevant courses and grades. A separate CGPA for the Honors programme shall be indicated at the end of this section.

The grades obtained in Honors courses shall not be considered for the calculation of SGPA/CGPA of the major programme and shall have no impact on the overall CGPA of the major/primary degree.

16. Counselling and Mentoring

Sreenidhi University is committed to fostering a supportive and student-centric environment, addressing not only the academic needs of students but also their career development, psychological well-being, and personal growth. The University implements a comprehensive Counselling and Mentoring System to ensure continuous guidance and holistic development of students.

The mentor–mentee allocation shall be carried out during the Semester 1 of the Programme and Semester 3 for Later Entry. Each student shall be assigned a Faculty Mentor, who will act as a guide, counsellor, and facilitator for academic progress, career planning, and overall development.

Each Department shall assign approximately 15–20 students to a Faculty Mentor. A Mentor Coordinator shall be designated at the Department/School/University level to oversee the effective implementation of the mentoring system and ensure consistency in mentoring practices.

16.1 Academic Counselling and Mentoring

Mentors shall support students through continuous academic mentoring, including:

- Guiding students during course registration, academic planning, and progression.
- Monitoring attendance, performance, and learning outcomes.
- Supporting students in addressing backlogs and academic challenges.
- Advising on programme tracks, specializations, and academic flexibilities.
- Mentoring students towards higher education and research opportunities.
- Conducting regular mentor–mentee meetings, including parent interactions.

16.2 Career Mentoring and Counselling

Mentors shall play an active role in career mentoring, including:

- Guiding students in career exploration, goal setting, and professional development.
- Recommending technical skills, certifications, and industry-aligned learning paths.
- Supporting participation in internships, projects, hackathons, and innovation activities.
- Assisting in placement preparation and long-term career planning.
- Encouraging entrepreneurship, innovation, and start-up initiatives.

- Conducting mentor–mentee and parent meetings focused on career progression.

16.3 Personal Mentoring and Psychological Counselling

Mentors shall provide personal mentoring support, including:

- Guiding students on time management, discipline, and productive habits.
- Promoting a safe, inclusive, and ragging-free environment.
- Supporting students in managing stress, anxiety, and emotional challenges, with referrals when required.
- Addressing concerns related to adjustment, hostel life, and general well-being.
- Conducting mentor–mentee and parent interactions to support student welfare.

16.4 Mentor-Mentee Interactions

The mentor–mentee relationship promotes effective communication, goal setting, career orientation, and problem-solving, ensuring that students receive timely support and direction.

Mentors play a vital role in supporting students' academic progress, career development, and personal well-being. The responsibilities of mentors include:

1. Maintaining records of mentor–mentee interactions in the University's digital platform, SreenidhiAI and documenting relevant counselling remarks for each interaction
2. Conducting at least one structured mentor–mentee meeting per month during the semester to review student progress and provide guidance
3. Facilitating periodic parent interactions, including at least one parent meeting in a semester, to discuss the student's academic performance, career progression, and overall development
4. Providing updates to parents/guardians, where necessary, regarding academic performance, career readiness, and general well-being
5. Ensuring that all mentoring interactions and observations are accurately recorded and maintained for review at the Department/School level

17. Academic Conduct, Examinations Malpractice and Disciplinary Action

17.1 Classroom Conduct

Students shall attend academic activities as per the scheduled timetable on all working days, issued by the Department/School. The students are expected to actively engage with faculty members and peers to achieve optimal learning outcomes and complete all assigned work within the stipulated deadlines.

Students shall adhere to classroom discipline by following instructions given by the faculty, maintaining appropriate decorum, and not leaving the class without permission. A conducive and respectful learning environment must be always maintained, including keeping noise

levels minimal. Classrooms and laboratories shall be used strictly for academic purposes, and the consumption of food or conduct of celebrations in these spaces is strictly prohibited.

17.2 Academic Integrity

Students are expected to carry out all academic work with integrity and fairness, thereby upholding the academic standards and reputation of the University. Any form of academic misconduct, including plagiarism or other unethical academic practices, shall invite appropriate disciplinary action as per University regulations mentioned in the [policy](#).

Academic dishonesty includes violations of ethical academic practices, including but not limited to the following:

1. Violation of academic regulations and policies governing the programme of study.
2. Plagiarism, including copying content from articles, books, websites, AI tools/systems or any other sources without proper citation and presenting it as one's own work in assignments, reports, projects, or other academic submissions.
3. Unauthorized collaboration or misrepresentation of work, including submitting work that is not entirely the student's own or falsely claiming contributions.

All such incidents shall be reported to the competent academic authority / disciplinary committee for review as mentioned in the [policy](#). Based on the established procedures, the recommendations shall be communicated to the parents/guardians of the concerned student through the School Dean.

17.3 Malpractice in Examinations

In accordance with the UGC Regulations, 2016 and UGC Guidelines, 2018, Sreenidhi University has established comprehensive policies and procedures to prevent and address malpractices during examinations. These include, but are not limited to, impersonation, copying, possession of unauthorized materials, providing or receiving assistance, possession of electronic devices, and other forms of misconduct.

If a candidate is found engaging in any form of malpractice by the Hall Superintendent or a member of the Flying Squad, the incident shall be immediately reported to the Chief Superintendent (CS) and the Controller of Examinations (CoE). Upon booking the malpractice, the CS may permit the candidate to continue the examination by issuing a fresh answer script, pending further enquiry, to ensure fairness in the investigation process.

Both the original and the fresh answer scripts shall be sealed and submitted to the Controller of Examinations, along with statements obtained from the student, Hall Invigilator, Flying Squad member, and Chief Superintendent, as well as any incriminating materials, in a separate cover for detailed investigation and appropriate action.

17.4 Disciplinary Action for the Examinations Malpractice

All cases of examination malpractice shall be investigated by a dedicated Malpractice Enquiry Committee, constituted by the Controller of Examinations (CoE) with the approval of the Vice-Chancellor. Based on the recommendations of the Committee, appropriate disciplinary action shall be taken in accordance with University regulations.

The disciplinary actions shall include, but are not limited to, the following:

1. Cancellation of the examination in the concerned course or all examinations taken during that session.
2. Debarment from appearing in examinations for a specified period
3. Withdrawal of the degree or diploma, where applicable
4. Filing of a police complaint and handing over the individual(s) to law enforcement authorities, if required
5. Cancellation of the examination centre, in cases of proven institutional misconduct

The decision of the Malpractice Enquiry Committee, duly ratified by the competent authority, shall be final and binding.

17.5 Guidelines and Revisions

The Controller of Examinations shall issue, and revise guidelines related to examination malpractice from time to time, with the approval of the Competent Authorities

18. Student Discipline, Anti-Ragging and Code of Conduct

Students of Sreenidhi University are expected to adhere to the prescribed code of conduct and maintain discipline within and outside the campus. Cases related to examination malpractice and disciplinary action shall be governed by the relevant provisions specified in Regulation 15. Any behavior inconsistent with the University's standards may invite disciplinary action.

In addition, all students shall strictly comply with the provisions of the UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions, 2009 and the Telangana Prohibition of Ragging Act, 1997.

Depending on the severity of the offence, a student may be warned orally or in writing, or subjected to stricter actions, including suspension or expulsion from the class, School, hostel, or the University.

18.1 Anti-Ragging Policy

Ragging in any form is strictly prohibited within the University campus, hostels, and any premises associated with the University, including transportation. As per the Telangana Prohibition of Ragging Act, 1997, ragging includes any act that causes or is likely to cause insult, fear, intimidation, or injury to a student.

The University adopts a zero-tolerance [policy](#) towards ragging. Any student found involved in ragging, directly or indirectly, shall be subject to strict disciplinary and legal action as per UGC regulations and State law.

18.1.1 Punishments for Ragging

Depending on the severity of the offence, the following actions may be imposed:

1. Suspension from classes and academic activities.
2. Debarment from examinations and evaluation processes.
3. Suspension or expulsion from the hostel or University.
4. Cancellation of admission.
5. Withholding of scholarships, fellowships, or other benefits.
6. Debarment from representing the University in any capacity.
7. Filing of FIR and legal proceedings under applicable laws.

As per the Telangana Prohibition of Ragging Act 1997, punishment may include imprisonment and fine, depending on the nature of the offence, and in severe cases, may extend to imprisonment up to several years or more.

Students convicted under the Act may also face dismissal from the institution and prohibition from admission into other institutions.

18.2 Institutional Mechanism for Prevention of Ragging

Sreenidhi University has established a comprehensive [Anti-Ragging framework](#) in accordance with the UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions, 2009 and the Telangana Prohibition of Ragging Act, 1997.

The University maintains the following mechanisms:

1. Anti-Ragging Committee, constituted at the University level, to oversee implementation of anti-ragging measures.
2. Anti-Ragging Squad, responsible for regular monitoring and surprise inspections across campus and hostels.
3. Anti-Ragging Cell, functioning as the central coordinating body for receiving complaints, monitoring cases, and ensuring timely action.
4. Mentor–Mentee System, to facilitate smooth integration of students and prevent isolation of freshers.
5. Awareness and Sensitization Programmes, including orientation sessions, workshops, and campaigns on anti-ragging

All students and their parents/guardians are required to submit Anti-Ragging Undertakings at the time of admission and at the beginning of each academic year, as mandated by UGC regulations.

18.3 Prevention of Sexual Harassment (POSH)

Sreenidhi University is committed to maintaining a safe, respectful, and inclusive environment for all students and strictly prohibits any form of sexual harassment within the campus and related academic spaces. In accordance with the provisions of the POSH Act, 2013, the University has constituted an [Internal Complaints Committee \(ICC\)](#) to address complaints in a fair, confidential, and time-bound manner.

Any aggrieved student may submit a complaint to the ICC, upon which proceedings shall be initiated within the prescribed timeframe, and an Inquiry Committee shall be constituted to conduct a detailed and impartial inquiry. The inquiry process shall ensure due opportunity to all parties, maintain confidentiality, and follow principles of natural justice in arriving at findings and recommendations. The University shall take appropriate action based on the outcome of the inquiry, in accordance with applicable regulations.

For further details, students may refer to the official [POSH Policy](#) available on the University website.

18.4 Discipline and Code of Conduct

Students shall adhere to the prescribed code of conduct and maintain discipline. Any deviation may attract disciplinary action based on the severity of the offence.

The University reserves the right to take action against students involved in:

1. Submission of false information or documents, including fake certificates, falsification of records, or misuse/creation of forged University documents.
2. Use of abusive, defamatory, or derogatory language or behavior towards any faculty member, staff, or student, within or outside the campus.
3. Disruption of academic activities, including disturbances during classes or examinations.
4. Violation of examination-related instructions and regulations, as applicable
5. Making false allegations, character defamation, rumor-mongering, or engaging in acts causing harm to individuals.
6. Engaging in activities that harm the reputation and integrity of the University, either within or outside the campus

Students must maintain decorum, mutual respect, and a conducive academic environment at all times.

Any act of indiscipline reported to the School Dean/Head of the Department (HoD) shall be referred to a Disciplinary Committee constituted for this purpose. The Committee shall investigate the matter and recommend appropriate action, which may include suspension or removal from the University, if the charges are substantiated.

A student may appeal against the decision to the Vice-Chancellor, whose decision shall be final and binding.

19. Grievance Redressal System

Sreenidhi University has established a [Student Grievance Redressal Committee \(SGRC\)](#) as a formal mechanism to address student grievances in a transparent, fair, and time-bound manner. The SGRC reflects the University's commitment to student welfare, accountability, and academic integrity.

The SGRC serves as a platform for students to raise concerns related to academic, administrative, and personal matters, ensuring that all grievances are reviewed and resolved in accordance with University norms and applicable regulatory guidelines.

19.1 Scope of Grievances

Students may submit grievances related to, but not limited to:

1. Evaluation and Examinations: Grades, evaluation processes, examination procedures, and related concerns
2. Academic Processes: Course registration, academic advising, attendance, and academic policies
3. Faculty and Teaching: Faculty performance, teaching methodology, and classroom practices
4. Curriculum and Courses: Course content, delivery, and availability of courses
5. Academic Progression: Backlogs, probation, progression, and related academic issues
6. Academic Records: Grade sheets, transcripts, certificates, credits, and degree-related matters
7. Scheduling and Infrastructure: Timetables, class scheduling, and academic facilities
8. Online and Digital Learning: SreenidhiAI, MOOCs, and other digital learning platforms
9. Any Other Concern: Any issue affecting the student's academic experience or well-being

19.2 Submission of Grievances

Students may submit their grievances through the official University grievance redressal system, either through:

- Email to the designated grievance redressal address: studentgrievances@suh.edu.in

Students are required to provide complete and accurate details while submitting grievances to facilitate effective resolution. This shall include supporting documentary evidence, with properly named files and clear references, organized in the chronological order of dates and events.

19.3 Procedure for Redressal of Grievances by the SGRC

1. Any aggrieved student may submit a grievance through the online portal or offline mode to the Student Grievance Redressal Committee (SGRC).

2. Upon receipt of the complaint, the Chairperson of the SGRC shall review the grievance and may refer it to the appropriate committee/authority, if required, along with relevant remarks.
3. The SGRC shall fix a date for hearing, wherever necessary, and the same shall be communicated to the concerned student.
4. The aggrieved student may present the case in person or authorize a representative to present the case on their behalf.
5. If the grievance is not resolved at the SGRC level, the matter may be referred to the Ombudsperson of the University for further review.
6. The Ombudsperson shall, after providing a reasonable opportunity of hearing to all concerned parties, pass an order with appropriate justification to resolve the grievance and provide suitable relief.
7. In cases where a complaint is found to be false or frivolous, the Ombudsperson may recommend appropriate action against the complainant as per University regulations.

19.4 Ombudsman

The Ombudsman shall hear the grievances / appeals from an aggrieved student, only after the student has availed all other remedies provided by the SGRC.

20 Modification/Revision of Regulations

These regulations (R26) supersede R24 and R25 regulations along with all related circulars, orders, and notes issued by the University on matters covered herein. The provisions of these regulations shall be applicable to students admitted under R24 and R25 as well, wherever relevant.

Notwithstanding anything contained herein, the Academic Council of the University reserves the right to add, delete, or modify these regulations from time to time.

In case of any dispute arising in the interpretation of these regulations, the decision of the Academic Council shall be final and binding.

Frequently Asked Questions (FAQs)

Academic Structure & Curriculum

1. What is an academic year?

An academic year consists of two consecutive semesters (odd and even), forming a complete cycle of academic instruction.

2. What is the Choice-Based Credit System (CBCS)?

CBCS allows students to choose courses from various categories based on their interests and career goals, while earning the required credits to complete the programme.

3. What is a credit in a course?

A credit represents the academic effort required for a course. Typically, 1 lecture/tutorial hour per week equals 1 credit, and 2 practical/skill hours equal 1 credit.

4. What are the different types of courses?

Courses are categorized as:

- University Core (UC)
- Faculty Core (FC)
- Programme Core (PC)
- Programme Electives (PE)
- Open Electives (OE)

Course Registration & Flexibility

5. When do I register for courses?

Course registration happens before the start of each semester, as per the academic calendar.

6. Can I choose electives based on my interests?

Yes, students can choose electives aligned with their interests and career goals.

7. Can I choose my faculty?

Yes, if multiple faculty members are offering the same course, you can select your preferred faculty during registration.

8. What is add/drop of courses?

Students can add or drop courses within the 15 days of the commencement of the semester, as per the notified timeline.

9. What is the minimum and maximum credit load?

Typically, students register for 16 to 25 credits per semester.

Academic Flexibility (Acceleration / Deceleration)

10. Can I complete my degree faster?

Yes, through acceleration, you can take additional credits (up to limits) or use summer terms.

11. What is deceleration?

If you find the academic load high, you can reduce your credits with approval.

12. Can I take courses in summer or weekends?

A: Yes, optional summer and weekend terms are offered for acceleration or clearing courses.

Teaching, Learning & Evaluation

13. What is Continuous Internal Evaluation (CIE)?

CIE includes tests, assignments, quizzes, and projects conducted throughout the semester (50% weightage).

14. What is Semester End Examination (SEE)?

SEE is the final exam at the end of the semester (50% weightage).

15. What are HOTS based questions?

Higher Order Thinking Skills (HOTS) questions test analysis, application, and problem-solving abilities rather than just memory.

Attendance & Academic Progress

16. What is the minimum attendance requirement?

Minimum 75% attendance is required to be eligible for exams.

17. What if my attendance is below 75%?

You may be considered for condonation up to 65% with valid reasons; below that, you will be detained.

18. Can I get an attendance waiver?

Yes, students with CGPA ≥ 9.0 may get a waiver for up to 3 courses with approval.

19. What is detention?

Detention occurs when a student does not meet the minimum attendance requirement (75%) in a course. In such cases, the student is not allowed to appear for the Semester End Examination (SEE) for that course.

20. What happens if I am detained in a course?

- You will be awarded a 'W' (Detained) grade due to insufficient attendance.

- You must re-register for the course in a future semester or summer term.
- You need to attend classes again and complete all evaluations for that course.

21. Can detention be avoided?

Yes, if your attendance is slightly below 75%, you may be eligible for condonation (up to 65%) with valid reasons and approval. However, below that, detention is unavoidable.

Examinations, Results & Grading

22. What happens if I fail a course?

You will receive an F grade and must clear it through supplementary exams or re-registration.

23. What happens if I fail in a Joint (Theory + Practical/Skill) course?

You will receive an F grade and must clear both components it through supplementary exams or re-registration.

24. What is a backlog?

A backlog occurs when a course is not successfully completed due to failure or attendance shortage.

25. What is the grading system?

A 10-point grading system is followed (O, A+, A, B+, etc.).

26. What are SGPA and CGPA?

SGPA: Semester performance

CGPA: Overall cumulative performance

27. Can I apply for review/revaluation?

Yes, within the specified timeline as notified by CoE after results are declared.

STUDENTS ATTENDANCE UNDERTAKING FORM

Date: _____

Name: _____ UR Number _____,

Branch _____, Section _____

I acknowledge that my attendance percentage from _____ up to _____ is as follows:

S. No.	Subject Code	Course Name	Attendance %

As per Sreenidhi University Academic Policy, I understand that the minimum of 75% attendance for each course is mandatory to be eligible for writing the Semester End Examinations (SEE).

To meet this requirement, I solemnly undertake, to attend all classes regularly and punctually henceforth, without fail. I will maintain 75% attendance for all the courses, failing which I know I will not be eligible to appear for the Semester End Examination (SEE).

SREENIDHI SCHOOL OF ENGINEERING

PARENT UNDERTAKING FORM

Date:

Dear Sir/Madam,

My ward, _____, with URN _____, is a student of B.Tech. <Year> Year, <Semester> Semester, Branch/Section _<Branch>_. I acknowledge that my ward's attendance from the date of reopening of <Semester> Semester <from date> up to <to date> is less than 75% as detailed below. I understand that as per university norms, a student must maintain a minimum of 75% attendance in each course to be eligible to appear for the Semester End Examinations (SEE).

S. No	Course Code	Course Name	Attendance %
1			
2			
3			
4			
6			
Overall			

I assure you that my ward will henceforth attend all the remaining classes punctually and maintain the required attendance as per the University rules and regulations. I also understand that if he/she fails to secure 75% attendance in each courses as per the Regulation 9 of R26 Rules and Regulations my ward will not be eligible to appear for the Semester End Examinations (SEE).

Parent Undertaking and Acknowledgement Form

(Exemption from Remedial Classes for Backlog Courses)

Name of the Student	
URN	
Branch	
Semester	
Academic Year	

My son/daughter/ward, _____, whose details are given above, currently has not passed in CIE TT/SEE in the following course(s):

S No	Course Code	Course Name

Sreenidhi University is conducting remedial classes after regular working hours and on holidays to support students to secure pass marks in the above courses.

I confirm that I have been informed about my ward's CIE TT/SEE results and the remedial classes arrangement by the University to support students in clearing these courses.

However, my son/daughter/ward is unable to attend these remedial classes due to the following reason(s):

Despite the academic support provided by the University, we request exemption for our ward from attending the remedial classes for this semester.

We understand that not attending the remedial classes may affect the student's academic progress to the next year, including possible delay in passing the courses and completing the degree within the prescribed duration. We also understand that these courses may have an impact on the student's placement opportunities.

We confirm that we will make our own arrangements to help our ward prepare and clear the above courses.

We accept full responsibility for this decision and understand that the University will not be held responsible for any academic delay or consequences resulting from the student not attending the remedial classes.

Skill Certification	I		

Assessment Criteria for certain components under CIE and SEE

CIE/SEE	Component	Assessment Criteria
CIE	Regular Lab Performance Assessment	Weekly Lab Continuous Evaluation on the Platforms
		Global Coding Challenge on Platforms
		Viva-voce
CIE	Regular Skill Performance Assessment	Weekly Skill Continuous Evaluation (Certification)
		Hackathon/Global Challenge
		Viva-voce/SIA Tests on Certification
CIE	Project Work Assessment/ Individual Seminar Presentation	Project Reviews - Continuous Evaluation
		Presentation
		Viva-voce
SEE	Practical	Logic Building and Expected Output
		Execution
		Viva-voce
SEE	Skill/Objective	Hackathon
		Global Certification/Objective(whenever applicable)
		Viva-voce (Optional if it is not relevant)
SEE	Practical and/or Project / Case Study/Activity Presentation	Project/Case Study/Activity Demonstration
		Presentation
		Viva-voce

Detailed Assessment Criteria of CIE, SEE and CIE+SEE

Course Type	Eval Type	CIE – Components & Marks									CIE Marks	SEE Components & Marks				SEE Marks	Minimum mark for passing the course (CIE+SEE) out of 100	Total
		A	B	C	D	E	F	G	H	I		J	K	L	M			
Theory - I	ET1	Sum of 2 Term Tests (30)	---	10	10	---	---	---	---	---	50	50	---	---	---	50	50	100
Theory – II	ET2	Term Test (20)	10	10	10	---	---	---	---	---	50	50	---	---	---	50	50	100
Theory - III	ET3	Term Test (20)	---	20	10	---	---	---	---	---	50	50	---	---	---	50	50	100
Theory with Practical - I	ETP1	Sum of 2 Term Tests (25)	---	---	5	10	10	---	---	---	50	30	20	---	---	50	50	100
Theory with Practical - II	ETP2	Sum of 2 Term Tests (20)	---	---	5	10	10	5	---	---	50	30	---	20	---	50	50	100
Theory with Skill	ETS	Sum of 2 Term Tests (25)	---	---	5	---	---	---	10	10	50	35	---	---	15	50	50	100
Practical	EP	---	---	---	---	30	20	---	---	---	50	---	50	---	---	50	50	100
Practical with Project	EPP	---	---	---	---	15	10	25	---	---	50	---	25	25	---	50	50	100
Practical with Skill	EPS	---	---	---	---	15	10	---	10	15	50	---	30	---	20	50	50	100
Skill Oriented	ES	---	---	---	30	---	20	---	---	15	10	---	---	20	30	50	50	100
I&E/SDG Impact - I	ESS1	---	---	25	---	---	---	25	---	---	50	---	---	50	---	50	50	100
I&E/SDG Impact - II	ESS2	---	---	50	---	---	---	---	---	---	50	---	---	50	---	50	50	100
Audit/Value Added Courses	EAC	---	---	25	---	---	25	---	---	---	50	---	---	20	30	50	50 and above is Satisfactory else Not Satisfactory	

The Evaluation for Internships will be as per the structure specified in the [policy](#).

Annexure - V

Example SGPA Calculation

Course Code	Result	Grade (G)	Grade Points (GP)	Credits (C)	Credit Points (CP = GP * C)
25XXXXXXX	PASS	O	10	3	30
25XXXXXXX	PASS	A+	9	4	36
25XXXXXXX	PASS	A	8	3	24
25XXXXXXX	PASS	B+	7	3	21
25XXXXXXX	PASS	B	6	4	24
25XXXXXXX	PASS	B	6	2	12
25XXXXXXX	PASS	B	6	2	12
25XXXXXXX	PASS	B	6	3	18
				24	177
		SGPA		177/24 = 7.38	

Example CGPA Calculation

Course Code	Credits	SGPA
Semester 1	21	177
Semester 2	21	199
Semester 3	21	167
Semester 4	21	169
Semester 5	21	168
Semester 6	21	170
Semester 7	20	164
Semester 8	18	198
	164	1214
CGPA		1214/164 = 7.40

Example final % of marks equivalent to the calculated final CGPA,

$$\text{Percentage (\%) of Marks} = (7.40 - 0.5) * 10 = 7.35 * 10 = 73.5\%$$
